Budget

To determine which budget user guide to follow, you need to see if the Budget tab in GeauxGrants is italicized.

- If the budget tab is italicized then it is not included in the Grants.gov application. The sponsor required budget form can be found on the S2S Forms tab or is attached to the proposal per instructions in the Funding Opportunity Announcement. Follow the instructions for Creating a Simplified Budget.

Personnel

All personnel listed on the budget will populate on this tab. If you enter individuals on the Personnel tab, that person will automatically populate on the Budget tab and vice versa.

 You must add all investigators that are in #26 of the LSU Questionnaire to the Personnel tab. This helps ensure that all necessary routing approvals are received.

- To add investigators, type in their name, choose role using the dropdown, begin typing name, and click Save.

- To remove a person from the budget:

  - Click on person's name after you add them to the Personnel tab.

- Click Budget roles, and check the budget periods that you wish to remove them from the budget.

- To update a person's address for this proposal only, click on the person's name. Enter address on pop-up and click Save.

- COI column will either have a green check, yellow sign, or red question mark.

  - If green check mark appears, a Significant Financial Interest (SFI) disclosure has been "Received in GeauxGrants."
  - If red question mark appears, a SFI disclosure has either been "Created; No Disclosure" or "No Disclosure on record for the person". SFI needs to be submitted.

- The Legend describes who is on the Prime and who is on the Subaward.

To add, click on the PI's name and add the sponsor credential to their profile. **NOTE**: We recommend having the investigators add their NIH eRA Commons ID and NSF Sponsor ID to their profile. Adding these credentials on the Personnel tab will not save for future proposals and will need to be entered for every proposal record.
