

Get access to virtual dental care 24/7 with Teledentix

When it's urgent, you can see a dentist virtually

Humana members have access to \$0 teledentistry, also known as virtual dental care, with Teledentix, as part of their Humana Dental plan. Teledentistry services allow you to see a dentist within minutes from your computer, smartphone or tablet.

If you're in pain or cannot visit a dentist's office, virtual dental care may be an option rather than a visit to the emergency room.

How you can use teledentistry

Typically, when you have a teledentistry visit, you will speak with a dental provider through an online video chat or a phone call. You can get access to care from the comfort of your home for a variety of dental needs. Teledentix dentists can:

Write prescriptions for antibiotics or non-narcotic pain medications when needed *(Please note, the cost of medications are not covered by your dental plan.)*

Perform a visual exam for things like mouth, tooth or jaw pain

Provide instructions on caring for mouth, tooth or jaw pain

Help members determine if they need urgent/emergency care or home care until they can see their dentist

Help members find a dentist if they don't have one or if requested

Tips to prepare for your Teledentix virtual dental visit

- 1 Register on the Teledentix app, or from your computer at Humana.teledentix.com/c/humanaondemand.
- 2 Fill out any required patient forms before your appointment.
- 3 Make a list of any symptoms, questions or concerns in advance, so you'll be ready to discuss them with your provider.
- 4 Share any prescriptions, over-the-counter medicines or supplements you're currently taking with your provider. If you have a preferred pharmacy, have the name and address handy in case your provider suggests prescription medication.
