Student Feedback

“Good Afternoon Dr. Mokeba,
I just wanted to reach out to tell you I'm graduating next week as the only university medalist and will have the highest GPA at commencement. This wouldn't have been possible without all your help and patience with me so I want to express my deep appreciation and gratitude for you and all your help. I also want you to know how much I enjoyed your class and your teaching style.

Sincerely,
Andrew Arabie”
