or

[Go to login](#)

From there, select your salutation and enter your first and last name. Then, select create new account.

## Almost done!

We have sent an Email to [REDACTED]. Please click on the confirmation link in the Email.

A confirmation link will be sent to the email address you provided. Navigate to your email account and open the confirmation email.

### Activate Your Thieme Account

Hello [REDACTED]

You have registered for a Thieme account. Most of the work is already done. All you need to do now is to activate your Thieme account via the following link:

[Link to e-mail address validation](#)

If the page does not open via the link, please copy the link into the address line of your browser. This link will expire within 30 minutes.

This way we know that the email address you provided is correct and that the registration really comes from you.  
After activation, you can use your Thieme account immediately.  
Your Thieme Account is the central access to digital Thieme products.

If you didn't create this account, just ignore this message.

Your Thieme Customer Care Center

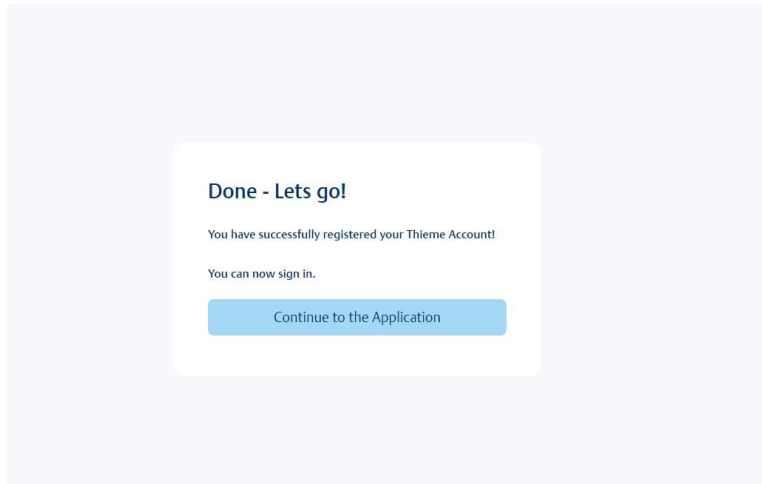

# Thieme
